

### **NBAUK Events**

We aim to hold a number of business and social events as well as exhibitions, training and interaction programmes throughout the year for our members. The social calendar of events may coincide with top festive occasions such as Dashain, Dipawali, Christmas and New Year when our business colleagues may enjoy a well-attended networking opportunity. We are open to suggestions for tailored networking events for businesses.

"NBA Annual Dinner and Award is the most prestigious and well attended event in the organisation's calendar; this event seeks to ensure maximum exposure for our members to a wider business spectrum. Awards are presented to successful entrepreneurs and other highly supportive individuals and organisations both in and outside the community."

### **What we also advocate**

With the wind of change blowing over Nepal, a number of investment friendly policies for Nepalese expatriates and foreign investors have come to light. Nepal has worked hard to become a preferred destination for foreign investment - practically in every sector of economic activities. Whether it is for a large scale investor who would be interested in hydro-electricity investments on KARNALI, TRISHULI, and KALI GANDAKI foreign projects or for a small to medium size business that would be contented on travel, tourism and agricultural industries, the opportunities are now there. We support and where possible promote such investments as well as the creating of such opportunities which bring money and jobs to the homes of Nepal.

Your partner in success

Come and join the biggest  
Nepalese business association  
outside Nepal

- Growing size, growing numbers – nationally and internationally
- Be part of the progress in making
- Investment and trade opportunities in the UK
- Participate directly or indirectly in the development of a modern Nepal

### **Nepalese Business Association**

A forum for all positive minded  
business men and women

**About NBAUK**

We are a non-profit making independent organisation established and registered in the UK with aim to promoting and representing Nepalese business communities at local, national and international actors including other business associations and government authorities. The number of Nepalese expatriates in the UK is increasing, so is the number of entrepreneurs amongst us. It appears already that the majority of new businesses is fighting its way through without any reliable source of support to count on.

What about promoting awareness of, and facilitating solutions to, the business needs of our members and the wider Nepalese business community? We aim to do just that. Ensuring that all Nepalese businesses are aware of the help and support available through the NBAUK and that the business men and women from all sectors of our community can become involved in each others' projects both here and in Nepal is something we consider very important.

**What we can do**

1. Bring together existing and new businesses operated by the members of Nepalese community.
2. Create environment for offering professional advice and services in order to encourage start up of new Nepalese businesses in the UK and to facilitate promotion of existing businesses to grow further.
3. Represent Nepalese Business Community at local, national and international levels.
4. Promote investment, trade and tourism between the United Kingdom and Nepal.

**A well structured organisation**

The NBAUK Executive Committee consists of President, Vice-Presidents,

General Secretary, Secretary, Treasurer and Executive members. The NBAUK has advisors, supporting businesses and sponsors. Most importantly, we have our hard working members, all contributing voluntarily.

**Why become a member?**

These benefits are just a few to list;

1. Offer of an opportunity for networking and sharing of experiences, learning from successes from peers, and minimising the risks involved in venturing into the un-chartered waters of investments. Such well-focused networking may provide for opportunities and referrals for business among members as well as the wider business community. Networking events provide prospects to meet like-minded business people and celebrate their successes.
2. Acquisition of skills and knowledge useful for business by way of attending seminars, workshops, trainings and field tours. All registered members are entitled to discounted offers for NBAUK activities and seminars, which may result in better awareness among members of cutting edge developments in the business sector; therefore help increase their profiles in competitive industry settings.
3. Establishing and maintaining of close relationships with individuals, companies, organizations and institutions that are in the field of business development and investment promotion in the UK, whereby exploring possibilities of joint ventures and investments here in the UK and back in Nepal.
4. Benefit from NBAUK's representation of Nepalese business issues at local and national government level including attendance of business-focused social functions.

**Membership Eligibility**

Any incorporated or unincorporated body of persons or an individual currently engaged or aspiring to engage in business and trade, including provision of

professional services in the United Kingdom, automatically qualifies for membership. However to become the voting member, a joining fee of £100 and an annual subscription fee of £100 apply.

**Who are in NBAUK now?**

The NBAUK is run by an Executive Committee of members. There will be an election for a new committee every 2-3 years. The functions and operational guidelines for the conduct of this committee is determined by the Association's statute. The current committee is;

**Executive Committee for 2007-2010**
